### Directions:

Driving in México is challenging just like anywhere. Take your time and don't be in a hurry. We strongly suggest that you take the Toll Road. It is a faster, safer and more direct route with very little traffic.

- Cross the border into México from I-5 or I-805 at San Ysidro.
- After crossing the border, traffic will merging from the right from another road so try to stay in the middle lane. But, **immediately** after the merge you will want to be in the far right lane to exit right. You'll see a sign for Rosarito/Ensenada as you get up on the bridge.
- You will exit right; follow all the signs that direct you to the Road to Rosarito and Ensenada.
- After coming down the ramp, the road parallels the border for about two miles, then heads up and down a steep hill where you will be alerted to exit to the right. The sign for this road will be "Scenic Road to Rosarito/Ensenada, Route #1 (Toll Road)."
- Next, stay in the left lane and the road will veer left, so just continue to follow the signs to Rosarito/Ensenada.
- Two miles later you will pass through the tollgate. Tolls are less than \$2.50; toll areas all have clean restrooms.
- Go through the second tollgate (at Rosarito) and travel six more miles (approximately 10km), drive to the next exit south.
- This exit will read, "Puerto Nuevo Exit." Get off the toll road here.
- Take the free road heading north (back right off exit).
- Las Gaviotas Community will be 1 mile ahead on the ocean side (left) of the road.
- The Prudential Office will be on the right (east) side of the road just after the La Gloria ferriteria (hardware store) but before Baja Storage
